

INCREDIBLE.

Sensational Story of the Sinking
of an American Fishing
Vessel.

She is Fired on by a Canadian
Cruiser--All on Board
Lost.

NEW YORK, August 15.—An Ottawa special to the Herald says:

"A gentleman who arrived here yesterday evening from Bauchtouche, a small village on the Gulf of St. Lawrence, shore of New Brunswick, told a startling sensational story calculated to make the blood boil in every American citizen's heart. He says that a fishing schooner belonging to the United States had been sunk by a shot from one of the Canadian cruisers, and that all on board were lost. The statement appears incredible, but the reliability of the person who communicates it can be depended upon. This gentleman has been spending some time in Bauchtouche, and is well acquainted with the inhabitants, but has no interest whatever in fishery matters, and can have no possible reason for repeating a story which he knows to be false.

He states that one night about eight days ago, while sleeping in a house in the village, himself and his wife were awakened by two loud reports. They heard nothing further, and, concluding that the noise was merely peals of thunder, went to sleep again. In the morning they were told that they had heard the reports of two cannon shots, which were fired from a cruiser in pursuit of an American fishing schooner. The second shot struck one of the schooner's masts, which fell with the sails and turned the schooner completely over on her side, when she filled and sank immediately. Every man on board went down, there not being a minute's time to launch a boat. The object of the authorities in suppressing news of such a character for so long a time as possible can readily be understood, but, if true, the facts must come out, as it would be really impossible to keep every man on board the cruiser from telling something of the story as soon as he reached port.

If it transpires that an American vessel and her crew have been sunk in this manner, grave complications will ensue. The number of lives lost would probably be from twelve to fifteen—possibly two or three more. That the report did not come from Bauchtouche sooner is explained by the fact that it is an isolated place.

PROBABLY A CANARD.

TORONTO, August 15.—The manager of the telegraph office at Bauchtouche sent the following answer to an inquiry about the report that a Canadian cruiser had sunk a United States fishing schooner at that port:

"I have heard about the story published in the United States, but do not believe there is any truth in it. People here did hear some firing, but they do not know what it was. They also heard that a lot of prisoners were taken to Richbaco, but that is not true. I believe the whole thing to be a canard."

DISCREDITED IN MONTREAL.

NEW YORK, August 15.—A Montreal special says a dispatch from Ottawa says the fishery department has no information regarding the story of the sinking of an American fisherman by a Canadian cruiser. The story is completely discredited here and looked upon as a canard, pure and simple. Had any such trouble occurred the department would have been immediately notified, as is always done within twelve hours in case of seizures. Telegrams received from the minister of fisheries show that the Americans are respecting the regulations, and that he anticipates that by next year poaching will be almost unknown.

BRITISH MAN-OF-WAR WRANGLER.

NEW YORK, August 15.—A Halifax special says: The unexpected appearance at Halifax, last evening, of the British warship Mangler, gives additional color to the report that the men-of-war are to assist the dominion fishery cruiser in the Gulf of St. Lawrence. The Wrangler is from the west coast of Africa, and there was no previous announcement of her coming. When the naval officers were questioned about the proposed movement of war-ships, they said nothing whatever concerning the expected arrival of the Wrangler, but whether the fact had any significance, can not at present be determined. The only statement that can be elicited from the best informed officials is that the fleet will sail on the 23d for its regular summer cruise to Charlottetown and Quebec.

NOVA SCOTIA.

THE STORY DISCREDITED.

HALIFAX, August 16.—The telegraph wires between New Brunswick and Halifax were crowded all day yesterday with inquiries as to the sources of the rumors that the Canadian cruiser had sunk an American fisherman, and it has been learned positively that the reports of the gun were heard off Bauchtouche harbor some days ago. The reports were heard between 8 and 9 o'clock in the morning, and were thought by people not yet out of their houses to be peals of thunder, but the sky was cloudless in all directions. The story then goes on to say that a man came to the village from shore and reported that an unknown Dominion fishery cruiser had dismantled and sunk an American fisherman, the vessel going down with every soul on board. The story is discredited.

QUEEN VICTORIA.

Her Letter to President Cleveland, Returning Thanks and Best Wishes.

WASHINGTON, August 16.—The following reply to the president's congratulatory telegram on occasion of her jubilee celebration, has just been received from Victoria:

Victoria, by the grace of God, of the Kingdom of Great Britain and Ireland, Queen and defender of the faith, Empress of India, etc., etc., to the President of the United States of America, sends greeting:

Our Good Friends.—We have received from Mr. Phelps, the United States minister at our court, the letter which you addressed to us on the 26th of May, and in which you convey your congratulations and those of the people of the United States on the occasion of the celebration of the fiftieth anniversary of our accession to the throne. We request you to accept our best thanks for this proof of friendship and good will, which, with the similar proofs we have received from the rulers and people of other states, has caused us the most sincere gratification. In thanking you also for the choice which you have made of Mr. Phelps, to be the interpreter of your sentiment on this occasion, we request you to accept in return our best wishes for your own happiness and the welfare and for the prosperity of the United States of America, and so we recommend you to the protection of the Almighty.

Given at our court, at Windsor Castle, the 18th day of July, in the year of our Lord, 1887, and in the fifty-first year of our reign. Your good friend,
VICTORIA REGINA.

ENDED IN MURDER.

A Court Clerk Fatally Shot in an Election Row.

NEW ORLEANS, August 16.—The bitterness between rival factions in the coming election culminated yesterday in the taking of life. Last night a party of ward politicians were drinking at a St. Charles street saloon when a quarrel ensued between John Neill, clerk in the civil district court, Owen Roper and ex-Deputy Sheriff James Doran, special officers and some others. Neill struck Roper with his fist and pistols were immediately drawn and discharged. When the smoke cleared away Neill was found with a bullet hole through his breast and another in the side. Doran handed a pistol to the bar-keeper and was arrested, as were the three others of the party. Neill was taken to the hospital, where he is dying.

Figuring the Losses.

CHICAGO, August 16.—A special from Peoria, Ill., says many friends and relatives of the dead were at the railroad company's general office to-day, and considerable speculation is heard as to the possible action of the company relating to the settlement of claims. The road is by no means in a good financial condition. Its stock, or at least the greater part of it, is owned by parties in New York city, or who are represented there. Officers of the company are reporting to the stockholders the extent of the calamity and all the facts connected therewith. As soon as the reports have been received and digested a line of policy will be marked out and communicated to the officials here. Then public announcement of the action of the company will be made. The aggregate loss, measured by precedents, amounts to some hundreds of thousands of dollars.

Kentucky Shooting.

LEXINGTON, August 16.—Marshal John Faul, while attempting to arrest Sam Ratliff, at Mount Sterling, this afternoon, was resisted by several of Ratliff's friends, who drew pistols and began shooting. Faul at once left the scene of action, and when the smoke had cleared away, it was found that the following were wounded: Henderson Phillips, flesh wound in the thigh; Jas. Harper, slightly grazed on the stomach; Virgil Glover, flesh wound in the side, and Agnelli Thomas, seriously and probably fatally wounded in the back. No arrests were made.

Thief Arrested.

The news was received with the utmost satisfaction by the community that he had been arrested; but the arrest of a disease that is stealing away a loved and valued life, is an achievement that should inspire heartfelt gratitude. Chills, cold extremities, depressed spirits, and extremely miserable sensations, with pale, wan features, are the results of disordered kidneys and liver. Arrest the cause at once by taking Dr. Pierce's Golden Medical Discovery. It is a purely vegetable detective, that will ferret out and capture the most subtle lung or blood disorder. Druggists.

Texas Crimes, etc.

Special Telegram to the Statesman.

EL PASO, August 16.—Repeated attempts have been made in the lower part of this county to derail passenger trains running on the joint track of the T. & P. and the Southern Pacific railways, by placing obstructions in the shape of large rocks and cross-ties, none of which were successful. The railway officials, becoming alarmed, placed Deputy United States Marshal Van Roper and two assistants near the scene of the derailment. Yesterday they saw three Mexican boys, none of them over sixteen years old, creep out of the brush and begin to pile stones and iron on the track in large quantities. When they had finished their work the officers pounced upon the little demons. They confessed their crime and were brought here and placed in jail. Their names are H. P. Lyne, F. Doran and B. Cortez. They hail from Socorro, a small town in this county. They refused to say what their purpose was in wrecking the train, but it is generally believed it was for plunder. On account of their ages, the authorities are puzzled what to do with the offenders.

EL PAO.

An Editorial Reformer Shoots, and is Shot At.

Special Telegram to the Statesman.

EL PASO, August 15.—E. C. Smith is the publisher of an obscure weekly paper in this city, called the Republican. He came here a short time ago from Arizona and started his paper, but has no printing office. He has been taking the lead as a reformer, and in pointing out matters about the management in the postoffice and in municipal affairs. He called at the office of W. M. Caldwell, a prominent citizen of the city, a few days since, and was ordered away. It seems that Smith had criticized a brother-in-law of Caldwell, who was a candidate for alderman at the recent elections, and charged him with peddling whisky at the polls. This enraged Caldwell, who ordered Smith out of his office. The latter in his paper to-day called Caldwell "a big booby," "an idiot," and other offensive epithets. Caldwell had been looking for Smith this forenoon, and about dinner time saw him standing in front of the printing office. He approached him, when Smith stepped back into the office and remarked: "Don't come in here to have trouble."

They both began to pull their revolvers and fired almost simultaneously. Caldwell was shot in the thigh, receiving a severe flesh wound, and Smith received his adversary's bullet. Parties interfered and stopped the fight. The brother has Caldwell and the sheriff has Smith.

COBISCANA, August 15.—About 4 o'clock this morning, as the early passenger train on the Texas & St. Louis railway, was pulling out of the depot at Waco, a man rushed up to the train, and thrusting his hand inside, jerked a satchel from a lady sitting in one of the chairs in the car. The lady was holding her satchel in her lap, the handle being over her wrist, and it took quite a powerful jerk to get it away from her. The satchel contained, among other things, a ladies' fine watch, with a solitaire diamond set in one of the cases; also a gold thimble and other things, the property of Mrs. Chas. D. Morse, of Austin, who with her family were en route for this city, her former home. The train was stopped and the officers did all in their power to obtain some clue to the discovery of the stolen property, but with what success will be learned hereafter.

Merchants of Colorado City Victimized by Two Cowboys.

Special Telegram to the Statesman.

COLORADO CITY, August 16.—Two cowboys, claiming to be from the Concho, victimized two of our business firms last night in a sharp manner. The first went to the store of Neuhenger, Schavis & Co., and bought goods to the amount of \$13, and in payment tendered a check for \$40, representing to be drawn by R. K. Wylie, a prominent stockman. The check was made payable to Jack Duncan and was signed by Bob Wylie. The merchant took the check and paid them the difference in cash. They then went to the store of La Powski, and played the same game, buying \$18 worth of goods, and giving a check of the same kind for \$53, and again the check was cashed. Later in the night they sent a negro up from a respectable house with another check for \$15, but a man who was acquainted with Mr. Wylie saw the signature and decided it was a forgery. The officers were at once notified, but the birds had flown, leaving no trace.

PALESTINE, August 16.—On Saturday evening last two boys aged 12 and 9 years old, of Mr. William Pearson and M. Earle, of this city, obtained a rifle at the gun shop and went out to the woods bird shooting. While in the hands of young Earle the gun was discharged, one ball

entering young Pearson's body, making a fearful wound, from which he died last night. Earle asserts the shooting was accidental, he not knowing the gun was cocked when he pointed it. Some other boys, who were near the scene, assert that the shot was fired intentionally. It is said that Earle ran off and left his companion. Earle has been arrested, and the affair will be investigated by Justice Watts.

BURKE, THE DEFAULTER.

Further Intelligence Concerning His Rumored Intention to Return. Special Telegram to the Statesman.

GALVESTON, August 16.—There are no new developments relative to the defaulting Treasurer Burke. It is generally believed his present retreat is San Francisco, where he is awaiting the action of the authorities here. In his letter to Kuehn he suggested that County Judge Austin telegraph an order for a ticket for his return, or send a deputy sheriff after him. Judge Austin, so far, has not acted upon either suggestion, and it is not known what action the proper authorities will take in the matter. It is now known that Burke has written letters to other parties here announcing his intention to return, and accept whatever punishment may be meted out to him. An effort is now being made to create the impression that Burke was partially deranged when he suddenly left Galveston, with the cash and bonds, etc., belonging to Galveston county, amounting to \$36,000. The large majority, however, believe there was method in his madness, and that his pathetic letter was written for the purpose of creating sympathy and paving the way for his return and exemption from punishment upon his arrival for his misdeeds. The promised school bonds, amounting to \$16,000, have not yet been received by the proper officials, and until they are, doubt will exist as to the sincerity of Mr. Burke's propositions.

Mexican Soldier Shot by the Guard—Two Men Murdered. Special Telegram to the Statesman.

LAREDO, August 16.—A soldier in the Mexican service in New Laredo, attempted to desert last night, and in passing the guards was discovered. They commanded him to halt, upon which he started to run, and was instantly shot, from the effects of which he died this morning. A courier arrived from Laredo, forty miles above here, to-day, bringing the news of the death of Hidalgo, just across the river from that point, of two men, supposed to be smugglers. They were found while their bodies were still warm, within a short distance of the town, the shot which killed them having been heard by the citizens of the place. Three men were arrested at a ranch near by, charged with the crime.

BURNET, August 16.—Mr. H. R. Hudson, who with his mother, Mrs. Hudson, and his sister, Mrs. R. B. Williams, went to Wootan Wells, has returned home. Mrs. Hudson and Mrs. Williams will remain at the wells several weeks.

The Baptist brethren of this city, at the regular meeting for business on Saturday, decided to call Rev. J. A. Arbuckle, of Bertram, to take charge of this church. We hope Elder Arbuckle will accept the call. He is a young preacher of considerable talent, and will, we have no doubt, do much towards building up the membership of the church in this city, should he conclude to come here.

Messrs. R. R. Landrum, J. J. Barrels and Mr. Yates, left for California yesterday. Mr. Landrum goes to make it his home. Mr. Barrels will investigate a little before he makes a move. Having a large family to look after, it seems to us he is right to go first by himself.

Messrs. Samuel Toby and Joe Duckett who recently went on a prospecting tour through Louisiana have returned to this county and say they will stay in Burnet awhile longer. Perhaps if the heads of all families would first go out prospecting they would all conclude to let well enough alone, and stay where they are. We are glad these gentlemen are to remain with us. They are both good citizens and fine farmers.

In a personal difficulty here last night between Will McFarland and Bud Hale, Hale was pretty badly cut over the head with a beer glass. It seems from what we can learn McFarland was acting on the defensive, Hale having a knife drawn on him.

Is This What Ails You?

Do you have dull, heavy headache, obstruction of the nasal passages, discharges falling from the head into the throat, sometimes profuse, watery and acid; at others, thick, tenacious, mucous, purulent, bloody and putrid; eyes weak, watery and inflamed, ringing in the ears, deafness, hacking or coughing to clear the throat, expectoration of offensive matter, together with scabs from ulcers; voice changed and nasal twang; breath offensive; smell and taste impaired; is there a sensation of dizziness, with mental depression, a hacking cough and general debility? If you have all, or any considerable number of these symptoms, you are suffering from nasal catarrh. The more complicated your disease has become, the greater the number and diversity of symptoms. Thousands of cases annually, without manifesting half of the above symptoms, result in consumption, and end in the grave. No disease is so common, more deceptive and dangerous, or less understood, or more unsuccessfully treated by physicians.

The manufacturers of Dr. Sage's Catarrh Remedy offer, in good faith, a reward of \$500 for a case of this disease which they cannot cure. The Remedy is sold by druggists, at only 50 cents.

GLADSTONIAN VICTORY.

LONDON, August 15.—The election in the Norwich division of Cheshire, on Saturday, to fill a vacancy caused by the death of Mr. R.
